Dear Darren Acton,

This is absolutely your last chance to get a **home-based Federal Firearms License** using my no-risk, surefire, step-by-step guide.

Why Do You Need A Home Based FFL Guide?

You probably already know this, but in case you don't, it's because Federally Licensed Firearms Dealers pay less for firearms. OVER 30% less!

That's thousands of dollars - SERIOUS CASH – we're talking about You Saving! But that's not all...you'll never pay FFL transfer fees! Is there a good reason NOT to skip the middleman when doing so will save you hundreds of dollars?

Remember, Obama is doing everything he can to take away your Second Amendment rights and Ban FFL from home forever!

If you act now, you'll be grand-fathered in, but if you don't act now, you may NEVER have another chance.

But here's the Problem:

Getting your license can be so complicated that most people just give up and go back to paying thousands of extra dollars just to avoid the hassle. There are laws to learn and forms to fill out and Obama's ATF to deal with. Chances are if you don't know exactly what to do, you're not going to get an FFL.

And here's the Solution

Why am I so sure you'll get your FFL license?

- Because 100% of my clients have already successfully earned theirs. You're about to join the exclusive club of people who can buy firearms at wholesale prices directly from the manufacturer!
- Because as the largest gun dealer in the region, I know what I'm talking about!
- Because with an A+ rating from the *Better Business Bureau* and almost two decades of 100% positive Powerseller feedback on Ebay, I have the best reputation in the business!
- Because I apply for a new FFL License every year to make sure you always have the latest cutting edge information!
- Because if you don't get your FFL, I'll not only refund the money you paid, but Double it!
