Hi,

Some webpages were not available between 7-8 this evening due to a ddos attack. It was blocked as good as possible by our tech staff. It's ok at the moment, but we have to keep an eye on the situation.

Best regards,

Support Team

Hi

My site www.ffltrust.com is down and has been down for a while. What's going on?

Hi,

there was a DDOS on the server.
Btw we forwarded you an other DMCA request today.

Best regards,
