Gerard L. of Sheridan

I had my ATF ffl interview yesterday and it went very, very well. The Agent said that she had never encountered a perfect ffl application until reviewing mine. I knew all of the ffl information off the top of my head that the interviewer had to look up. She said I should receive my ffl license in 2 to 3 weeks. I just wanted to say thank you Brandon. The ffl licensing services that you provide to those of us that are interested in getting an FFL license are indeed priceless, more valuable once you purchase and see how little you actually knew. Your ffl guide that you have assembled is so informative that I was getting compliments from the ATF interviewers. They said that they thought I would make a great ffl licensee and wished me great success. Was a very rewarding experience to end with praise from the ATF. Even in liberal MN!

Do you know How to Get an FFL? What are you waiting for? Act Now!

Federal Firearms License Guide

\$39.99 one time

Access only Federal Firearms Guide

Basic Guide

Buy, sell, transfer, make from home
