Milad sent below email 3/9/16 to my **mother in law**, no way he would have her email address except as a "Prospect" in my customer owned list. Example of confusion from customers / prospects

Greetings,

If you want to pay 30% less for firearms and get them easier, faster, and with absolutely no risk, You Need to do Two Things:

1) Step One is to Act Now - Immediately - TODAY!

"I don't believe people should be able to own guns." -- Barack Obama 1996

- In 1996, Obama supported a ban on handguns
- In 1998, he supported a ban on the sale of all semi-automatic guns

- In 2004, he advocated banning gun sales within five miles of a school or park, which would have shut down nearly all gun stores

The Bad News

Now that his fear campaign is over, Obama is doing everything he can to clamp down on your Second Amendment right to own firearms. He's giving speeches, lobbying your Senators and members of Congress, and using his campaign organization to take away more of your gun rights. He's even tried to ram a bill through the US Senate!

It didn't work this time, but next time it probably will...and Obama is not going to stop trying. As he said: "*that's just round one.*"

What's Obama's "round two?"

You may have heard of a shadowy group named **Obama Super PAC 1911 United**. While pretending to do "research," this group is busy lobbying powerful groups to push for more and more gun control...and its next stop is Congress.

What are they lobbying for exactly? Well, Obama has said this: "*Part of it is seeing if we can get an assault weapons ban reintroduced. But part of it is...hand guns.*" What do YOU think they're lobbying for? "

The Good News

You've heard of grand-father clauses - when a ban comes into effect it only applies to new purchases. It wouldn't be fair to penalize law-abiding license holders who got their federal firearms licenses before the ban. A grand-father clause would let anyone who already has a FFL circumvent the new ban.

If you act now, you'll be grand-fathered in, but if you don't act now, you may NEVER have another chance.

If you want to have your own FFL while you still can, you have to **[Act Now!](#)**
