Medical Certificate

To the Honorable Judge Abrams

The undersigned hereby certifies under the penalty of perjury that:

I am a registered Oncologist M. D.

I personally examined Milad Oskouie, age 31, male on various occasions in 2017 and have diagnosed him with Stage B Leukemia.

Based upon this examination and review, I certify that the diagnosis will continue to have a severe impact upon his ability to function. In particular, he will not be able to attend any court hearing or prepare for any court case for at least a period of 6 months.

He is presently under my continuous care, with intensive treatment and observation.

I hereby certify that the evaluation of diagnosis, cognition, and function is within the scope of my professional competence based upon my education, training, and experience.
